

Central Alberta Hockey League

HCMHA is a member of and our teams (with the exception of Initiation) play in the Central Alberta Hockey League (CAHL). This is a tiered league. The purpose of tiering is to provide players the opportunity to play against teams with whom they are competitive. Teams that start in a tier that is not suitable to their development level could be moved to an appropriate tier following the tiering round.

CAHL is a travel league and teams may be expected to travel any distance within the boundaries of CAHL. Teams cannot refuse play based on travel distance. Each team will be responsible for complying with all the rules and regulations of the CAHL. More information can be found at: www.cahlhockey.net

Boundaries of CAHL are provided in the following map (Calgary is NOT included):
